Support an inference from several details

Grade 7 English language arts | Text-analysis workshop

Goal and model

Cite multiple details from an informational bulletin to support an inference without overstating it. ***Model:*** Inference: the garden team is preparing for colder weather. Support it with several precise details, then explain the connection.

Vocabulary

Vocabulary	Meaning
detail	a precise fact from the source
inference	a conclusion supported by evidence
reasoning	how evidence supports a conclusion

Read the source

ORIGINAL BULLETIN: The school garden team moved seedlings into the greenhouse, labeled frost covers, and changed the Saturday work time to noon. The bulletin says nights are expected to cool this week. It does not say the garden is closing.

Guided practice

Step 1. Copy two preparation details.

Step 2. Add a third relevant detail.
